ALLARD INTRODUCES WILLING SELLER ACT LEGISLATION EXPEDITES COMPLETION OF NATIONAL TRAILS

Washington, D.C. – U.S. Senator Wayne Allard (R-CO) today introduced “The National Trails System Willing Seller Act.” The Senate bill paves the way for completion of our nations most outstanding national trails.

“This bill is a critical component of our National Trails System,” said Allard. “Colorado is home to several extraordinary trails, such as the Continental Divide Trail, and this legislation will allow willing sellers the opportunity to leave a living recreational legacy.”

The legislation provides federal trail authorities the ability to acquire the land necessary to complete a trail from willing sellers. “I look forward to working with my colleagues in the Senate, and Congressman McInnis, to make this bill a reality,” stated Allard.

The bill will most likely be referred to the Senate Committee on Energy and Natural Resources, where Allard will ask for a hearing on the legislation.
